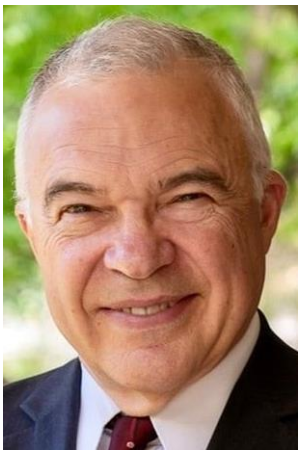
Annual General Meeting, Sunday 6 December 2026

Election of Directors

Nominees Proposed for Re-election:

Dr Lawrence Bott, Alison Evans, Andrew Fleming, Michael Miceli



Dr Lawrence Bott MBBS (Hons), FRCPA, GAICD

Lawrie graduated in Medicine from the University of Sydney and specialised in Pathology. Lawrie has recently retired as Chief Medical Officer of Sonic Healthcare Australian Pathology after a long career as a Pathologist and in various senior management roles. He currently works part-time as a Pathology Consultant.
He is a Past-President of the Royal College of Pathologists of Australasia and was a long-term Board Member of RCPAQAP. Lawrie is married and has 5 children.
He has been an active sports person and is now an active artist. Through his Chief Medical Officer role and College work, Lawrie has been involved with issues relating to Genetic Pathology testing, including Fragile X, and advocacy to Government. Lawrie was first appointed to the Board at the Annual General Meeting on December 2024 and was appointed President on 24 November 2025.

Alison Evans

Alison is a corporate communication leader who helps organisations achieve strategic outcomes by aligning people behind a common purpose, inspiring behaviour change, and building stakeholder awareness and advocacy. Her deep change-communication expertise and experience as a radio news journalist have helped FXAA strengthen member communications, grow awareness, and advocate for individuals and families affected by Fragile X–associated conditions.
Following prenatal genetic screening, Alison discovered she is a Fragile X premutation carrier and experienced first-hand the gaps in clinical understanding. She is passionate about bridging these knowledge gaps in the health sector, and more broadly in the community, to ensure families receive timely, accurate, and comprehensive information and care. Alison was first appointed to the Board at the AGM in November 2022 and has served as Secretary since December 2024.

Andrew Fleming LLB

Andrew and his wife Jay live in Adelaide and have an 8 year old boy, Johannes, who was diagnosed with Fragile X syndrome at 3 years of age.
Andrew is a lawyer who currently works as a Senior Manager at the Australian Securities & Investments Commission. Andrew has prior experience working as a regulatory compliance lawyer and civil litigator at UBS Bank and, before that, as an investigator for a Financial Conduct Authority in the UK.
Andrew and his family lived in London and New York before moving back to Adelaide in 2021. Andrew has been teaching Johannes to play the drums.

Andrew was first appointed to the Board at the Annual General Meeting on 1 December 2024.

Michael Miceli

Mike is an experienced professional in enterprise and operational risk and has previously served on the board of another not-for-profit organisation in NSW. Michael is keen to contribute his professional experience in risk management and governance to the management of Fragile X Association of Australia.

Mike's brother-in-law lives with Fragile X syndrome and his wife is a premutation carrier for Fragile X. Michael says he and his Amy wife are very grateful to FXAA for their advocacy and work to help those living with Fragile X in Australia, and he is eager to contribute to the ongoing success of the organisation.

Michael was first appointed to the Board on 24 November 2025.
