

The Fragile X
Association of
Australia

Free Seminar
Friday 15th April 2011
Canberra Hospital
Canberra

Fragile X Syndrome

Fragile X is the most common cause of inherited intellectual disability but is hardly known.

Fragile X Association of Australia have arranged for the Fragile X clinic team from **the Children's Hospital at Westmead** to present an overview of Fragile X Syndrome for Health Professionals, Educators and Families. Update yourself on the latest about this important cause of developmental disabilities, ADHD and ASD. All speakers are recognised experts in their field and will cover a wide range of management strategies relevant to developmental disabilities and autism spectrum disorders.

Paediatrician: Dr Natalie Silove
Occupational Therapist: Sarah White

Clinical Psychologist: Dr Michelle Wong
Speech Pathologist: Marcia Williamsz

Topics covered will include an overview of Fragile X Syndrome, occupational, speech and language interventions, medications and behavioural issues.

Date: Friday 15th April
Time: 10am to 4.30pm (Registration: 9.30 am)
Venue: Canberra Hospital
Canberra Hospital Auditorium (opposite the Main Reception and Hospital Auxiliary Shop)
Yamba Drive
Garran ACT 2605

Spaces are limited so early booking is advised.
